

Spirit Club

Who we are: A student led group who seeks to initiate school spirit throughout the Whitefield community.

What we do: We work behind the scenes by making signs, planning events, and being a part of the athletic community.

How to get involved: For those who are going to be in upper school, we offer an elective eighth hour on Wednesday. That is where the magic happens! For those who are not eligible to be in our elective (i.e. a parent, grandparent, or lower schooler), you can purchase one of our 2020-2021 Spirit Club t-shirts. Your purchase will support Spirit Club and all spirit club shirts (past and present) can be worn on spirit wear days at school.

What a traditional elective looks like: We work in groups to make signs for Whitefield or the gym where the teams compete, plan events such as pep-rallies and senior night, and come up with ideas to support our athletes on and off the field.

Why you would be a great addition to spirit club: Each and every spirit club member is unique and possesses different talents and skill sets. Maybe you find that you love planning, calligraphy, or you just want to give spirit club a try. We would love to have you come promote Whitefield spirit with us!

We cannot wait to see you this fall!

*things might look slightly different this year due to changes made because of the COVID-19 pandemic.
